

£20,000,000 for young people in Scotland

£20,000,000 for young people in Scotland

The Power is Yours...

The **Young People's Fund** is a brand new scheme where young people decide for themselves how Lottery funds should be spent.

If you are between 11 and 25, there are Lottery funds available through the Young People's Fund to help you and your friends learn new skills and take part in activities that make you feel good about yourself.

There is money to fund projects and new activities in your area – and a local panel of young people to say what is needed most. Money is available to fund work with young people who are dealing with problems in their lives or who have got particular issues to face. There is also money for young people to explore new ideas. And it is young people who decide who will get it.

Whatever your interest, the Young People's Fund from the Big Lottery Fund is for you – and your organisation – youth club, school, or youth cafe. Lots of different types of organisations can apply. You might even decide to set up your own group to apply to the Young People's Fund.

To find out more, give us a call on 0870 240 2391, or visit our website www.biglotteryfund.org.uk
